

Iron County Register

IRONTON, MO., JUNE 10, 1920.

E. D. AKE, EDITOR.

VOLUME LIV.

NUMBER 2

FOR PRESIDENT:

Edward I. Edwards,
OF NEW JERSEY.

A Democrat Unafraid to Voice the Faith.

Iron County Club Notes.

The Iron County Club finds great pleasure in reading No. 52, Volume 53 of the IRON COUNTY REGISTER. Eli D. Ake, editor fifty three years. He will ever be remembered by the boys of the Iron County Club who are all his friends, and have grown from childhood to manhood and have read the REGISTER all their lives. We can not say, though, to more capable hands may it pass. We have all learned to love the editor and it gives the entire membership of the Iron County Club great pleasure to wish the editor many, many happy years yet.

The Arlington School Base Ball Team would like to play the Pilot Knob club on the day of the excursion if proper arrangements can be made. Correspond with Miss M. Theresa Debatin, 5560 Chamberlain avenue.

Miss Sadie Cooley of the Farragut school will visit the Sieberts in Pilot Knob this month.

Miss Annie Darmody is here from Chicago because of the serious illness of her mother, Mrs. E. J. Coad.

Mrs. E. J. Coad and daughter have returned from a trip to Galveston, Texas. Later they will go to Denver.

Mrs. Fletcher says it is a great pleasure to read the Iron County Club notes.

Send all Iron County Club items to the Secretary at 1133 Union avenue.

Chester J. Prince and B. W. Frauenthal will try and make arrangements with the railroad company for twelve coaches for the excursion train to be run to the valley this summer. Date announced later.

Mother Blanche of Arcadia is in St. Louis this week in the interest of the Parochial Schools of Iron county, and is stopping at the Ursuline Convent 12th and Russell Avenue.

L. A. Seitz will motor to Middlebrook next week in his new car, "The Green Devil."

C. B. Hill has named on the advertising committee for the excursion.

Dr. W. E. Harrell claims to have the best machine in St. Louis. It hasn't kicked him "nigh on to a year." Some tame machine.

E. J. Coad intends opening another hardware store on Union Avenue and Natural Bridge Road. Eddie's branching out.

James Dyer has quite a force of block cutters at work.

The Arlington Drum and Bugle Corps has volunteered their services to drill and play at our Excursion and Picnic this summer, gratis. They want to see the country.

Fred Killalee is a very busy man these days arranging for the excursion and attending to his work with the Inland Valley Coal Co.

IRON COUNTY CLUB.

Everybody is going to attend the Big Auction Sale in Fort Hill Park Saturday, and nearly everybody is going to bid on the lots. Better arrange to go yourself if you don't want to be lonesome that day.—Adv.

Annapolis News.

Squire Kitchell is farming on a small scale this year and was not in his office five days the past week.

Seed is so high and hard to get that a number of our people did not put out any garden this year.

Corn, \$2.50 a bushel at the Leeper store, in the ear.

Work is still progressing on the shaft at the mines.

Wade Hampton is making and hauling ties. His wife attends to the store.

Cluster Charlton sold his cow and calf last Saturday for \$100. It was cheap at that.

The wind last Saturday night blew some of Gus Funk's wheat down. He has the best wheat of any one near here and it is well headed.

The locusts have come once more, like they did some fifty years ago when I lived in Bellevue Valley. They came by the millions and the army worms came next year. They mowed the grass down and traveled abreast like soldiers for miles in length and six to eight feet wide.

Sam Culton is on the mend. David Culton is working in a restaurant in St. Louis. Jesse Culton is in Granite City, Ills.

Lots of strangers in Annapolis every day.

Wm. Myers, who is working in Pacific, Mo., is home every week or two to see his family.

Driving teams are hard to get here now. A couple of ladies arrived here Saturday on their way to Jewett, in Madison county, and had to remain here until Monday before they could get a rig to take them out there.

MAY 31.

BULLETIN.

In addition to the Free Lot there will also be a lot of Cut Glass and Hand-Painted China given away, absolutely free, at the Big Sale in Fort Hill Park Saturday.—Adv.

From Goodland.

After all our grumbling about wet weather and cold and storms, we have a prospect for bounteous crops of all kinds, thanks to the Giver of all good.

Wheat harvest will overtake the cultivation of the corn crop. Hay promises to be abundant and garden truck is simply fine.

We will probably record a wedding shortly.

F. M. Adams, Sr., of Belgrade is the guest of his brother, the Dr.

U. S. Adams of Chicago is spending a week at the old home at Goodland.

The mumps are still troubling some of our folks.

Randolph Adams is home from De Soto where he was employed as principal of the High School. He has the same position for the coming year.

Mrs. N. W. Adams and Randolph, with the Misses Moore, visited in the home of S. W. Crocker at Goodwater lately.

The sugar situation is bad as can be. America does not seem to be "the land of the free."

The hub mill will soon be moved to Pine Bluff, Arkansas, from Redmondville, so report says.

Sunday School and prayer meeting at Goodland are well attended and much interest is taken in them.

TIMOTHY HAY.

Clothes pressed and cleaned. Satisfaction guaranteed. Academy of Music building, Ironton. Phone 192.

GEO. TULLOCK.

Enough Items.

Most of the farmers are about through planting corn. Pretty late, but better late than never.

Mr. D. R. Hartzell has been on the sick list, but, we are glad to say, is better at this writing.

Making and hauling ties is the order of the day.

Some of our boys are preparing to leave here this week for the Kansas harvest fields.

We have a splendid mail carrier now; also a splendid news packer, which, it seems, we could not do without.

Born—To Mr. and Mrs. Lewis Akers, June 3d, a fine 5 lb. boy.

Mrs. Lisey Heiron and three children are visiting near Enon.

Mrs. Aubrey Mosier is visiting her mother, Mrs. Barger, while Aubrey is attending wheat harvest.

Mr. and Mrs. Fred Stevens visited relatives at Council Bluffs Saturday and Sunday.

Dr. Duckworth of Caledonia passed through here last week going to Frank Hibton's.

Charley Dickson is moving back into one of S. W. Barger's houses to-day. He is going to Kansas this week. LOCUST.

Fort Hill Park Lots are the nicest and best lots in either Ironton or Arcadia, and you can buy them at whatever you are willing to pay next Saturday.—Adv.

In Memoriam.

In loving memory of our dear son and brother, Alvin Douglas Reagan, who departed this life three years ago, May 31, 1917.

Three years have past, our hearts still sore,

As time goes on we miss him more and more,

His loving smile, his loving face,

None can fill his vacant place.

Sadly missed by father, mother, sisters and brothers.

Big Reductions just when you need them. Our Special June Sales means a substantial saving on every dollar's worth you buy during sale period.

The Same Old Story.

Bismarck Gazette.)

The Bismarck ball team and quite a number of fans went to Pilot Knob Sunday afternoon for a game with the team there.

The game was hotly contested from start to finish, and was exciting throughout. The Pilot Knob team was the victor, the score being 4 to 1.

Bismarck had several chances to score in the early part of the game, but poor base running kept them from doing so, and it was the ninth inning when their run was made. At different times Bismarck players were on base but the hit to bring them home was not forthcoming.

Warren for Bismarck pitched excellent ball, with the exception of the third inning when three hits scored two runs and the seventh inning when three hits scored one run. The other run was scored in the second inning on errors.

He allowed eleven hits and has a record of 15 strikeouts.

Robertson was on the hill for Pilot Knob and also pitched very effective ball. He allowed ten hits but kept them well scattered, and struck out 11 men.

These two teams will play at Bismarck Sunday afternoon.

Qualities of True Beauty.

Who has not experienced how, on nearer acquaintance, plainness becomes beautified and beauty loses its charm, according to the quality of the heart and mind?

Farmington News: "Leonard A. Busby, who is the new owner of the Iron Mountain property, which he bought from Earl A. Clemons on May 9th, is pushing development work at this historic old property on an even larger scale than his predecessor who had quite a large force of men working there for some time. The transfer of this property to Mr. Busby made on May 8th does not give the full consideration paid for it, but as there are \$57 in stamps attached to the deed it was evidently in the neighborhood of \$57,000. The transfer was made subject to a mortgage held against it by W. H. Smollinger, also various other contracts still in force and about which there has been considerable litigation. We certainly wish for the new owner much success and that there will soon be big doings, industrially, at old Iron Mountain, resembling the old days of half a century ago when it was the important mining camp in this section."
